

It has been another busy week at school. We had a practice fire drill today and the children did brilliantly when coming out of the school building. Remember that we are not at school on Monday as it is Bank Holiday. Have a great time in the sun this weekend!

## General Data protection Regulations

On the 25th May 2018, the General Data Protection Regulations (GDPR) comes into force in the UK. These are new data protection regulations build upon the Data Protection Act of 1998.

The GDPR require public authorities and businesses to identify the lawful basis for storing personal data, audit information we already hold and take a 'data protection by design and default' approach to personal data.

We take data protection very seriously. In line with GDPR requirements, we have already appointed 2 Data Protection Officers to oversee our approach to data management and protection.

In order to ensure that we comply with the new regulations, we are reviewing our current policies and practices.
