We have come to the end of a very busy week for everyone, but especially our amazing Year 6 children. They have finished their SATS and have worked very, very hard. I have been so proud of their achievements during their time at Abbots and they grasped the opportunity to show what they can do with real determination! They now move onto thinking about their play and residential trip, as well as the move up to secondary! Regardless of how they do in the SATS, all the children in Year 6 have 'made it' in my eyes, as they have so much to offer, whatever direction they decide to take. **Well done guys, you deserve a great weekend!**
