This policy will be reviewed in full by the Governing Body on an annual basis.

This policy was reviewed and updated in *October 2017*

Next review date: *October 2018*

## Summary

This policy is an anti-bullying policy and forms an integral part of our school ethos as a 'listening school'

## Introduction

This policy statement outlines the commitment of the staff, children and Governors of Abbots Langley Primary School to ensure that any form of bullying is prevented and avoided as far as possible for all members of the school community. These include:

- Children
- Teaching staff
- Support staff
- Voluntary staff
- Parents
- Governors
- Visitors to the school
- Students on placement.

Equal opportunities and mutual respect should permeate all aspects of school life, and is the responsibility of every member of the school community.

The implementation of the policy is the responsibility of everyone within our school community. The responsibility for keeping the issue of anti-bullying at a high level of priority at all times and in all areas, is that of headteacher, Rebecca Negrello and our Inclusion Leader, Elizabeth Salt.

## **Learning without Limits**

There is a consistently high expectation of all children regardless of age, gender, ethnicity, ability or social background. All pupils are encouraged to improve on their own achievements and not to measure themselves against others. Parents are also encouraged to view their own children's achievements in this light.

The adults in the school try to provide good, positive role models in their approach to all issues relating to anti-bullying and equality of opportunity.

## **Definition of Bullying**

All members of the school community are committed to providing a safe, positive, valuing and inclusive environment for pupils, staff and parents/ carers.

At Abbots we define bullying behaviour as;

- Intentionally hurtful- It is deliberate, unjustifiable and unprovoked behaviour. It includes actions that cause physical, emotional or mental hurt to the victim and actions that violate another person's freedom and rights.
- A repeated experience- It is persistent or repeated anti-social behaviour.
- An inequality of power- The person being bullied finds it difficult to reject or deal with the offending behaviour, or those involved in the bullying behaviour have power over the victim.

## **Examples of bullying:**

- Verbal bullying and cyber bullying
- Physical bullying
- Indirect bullying, eg, spreading rumours or excluding individuals
- Psychological bullying, eg, intimidation
- Racist taunts or gestures (All incidents are reported to county)
- Sexual
- Homophobic
- Disability

## **Prevention of Bullying**

Abbots is a Listening School. We celebrate a warmth and 'openness' of atmosphere which welcomes and values everyone. We aim to respond immediately to any allegations of

bullying behaviour whether it be verbal, implied (e.g ignoring, isolation) or physical intimidation or harm.

At Abbots we:

- Establish school rules within classrooms which demonstrate positive caring behaviour
- Have assemblies where the importance of being respectful and valuing others is discussed by children and adults.
- Encourage children to resolve their issues.
- Use Restorative Justice strategies to deal with situations that arise between the bully and the victim.
- Ensure that all incidents of harassment and bullying are recorded and monitored. All racist incidents are recorded and a confidential record is kept electronically.
- Inform the parents of the victim and perpetrator in the event of any racial harassment.
- Inform the parents of the victim and perpetrator of any incidents of physical harm or sustained bullying. The school will always try to work with all parties to stop, and further prevent, bullying behaviour.

## **Role of Parents/ Carers and the Wider Community**

We aim to work in partnership with parents and carers to help all pupils to achieve their potential. Parents and carers have an important role to play in actively encouraging their child to be a positive member of Abbots. If bullying is reported to the school, parents and carers need to be informed in a sensitive and responsible manner.

If parents or carers have concerns over bullying behaviour they should take up those concerns with the class teacher or the Headteacher as soon as possible. Parents or carers should take up any concerns they have with the school and not the parents or carers of other parties. The best place to resolve conflicts between children is in the school where all sides and aspects of incidents can be explored.

Parents and carers are expected to exercise reasonable confidentiality around incidents in which they are involved. In particular, parents/ carers are requested not to spread stories about incidents as partial information can be inaccurate and affect the reputations of individual children and the school.

Parents/ carers will be informed of any significant incidents involving their children in order to support their children and the school in seeking resolution and restoring a safe environment for all children.

If, as a parent/ carer, you are not satisfied with how a situation has been handled, you can speak to Chair of Governors, Jon Messenger, who is contactable via the school office.

## Resources and Materials

The provision of good quality resources and materials to support discussions in the classroom is a high priority. Curriculum resources should:

- reflect “the reality of an ethnically and culturally diverse society”
- reflect a variety of viewpoints
- show positive images of males and females in society including disabled people
- reflect non-stereotypical images of all groups in a global context
- include materials to raise awareness of equal opportunity issues
- be equally accessible to all members of school community consistent with health and safety
- not include explicitly and implicitly racist or sexist materials.

## Language

We recognise that it is important that all members of the school community use appropriate language which:

- does not transmit or confirm stereotypes
- does not offend
- creates and enhances positive images of particular groups identified at the beginning of this document
- creates the conditions for all people to develop their self esteem
- uses correct terminology in referring to particular groups or individuals.
